

# F4000 Hockey Puck Padlock

High security padlock for a variety of applications

ROCK SOLID  
**SECURITY**

## Hardened Solid Steel Body & Internal Shackle Design

The F4000 Hockey Puck Padlock offers superior security for many applications, including vending, transportation, and storage.

## Benefits of the F4000

- Outer Body, Internal Shackle, and Lock Face are all machined from solid steel and are hardened for resistance to cutting and drilling attacks.
- Outer Body is Nickel plated for superior weather resistance.
- All locks utilize our unique flat face locking mechanism and virtually hand made key
- No key cutting machines or key blanks exist
- All codes are registered and secure
- Available with our unique **Vanamatic Feature**. This feature allows for a quick change of combinations within seconds and is available only through Van Lock.
