

NEWS RELEASE

HIGHFIELD PARTNERS WITH VAN LOCK COMPANY

Bridgeport, CT, March 1, 2015 – Highfield Manufacturing Company, a leading global producer of high-quality security products and manufacturers of the new “e-electroloc” smart, programmable locking system is pleased to announce that they have partnered with Van Lock Company to bring the “e-lectrocloc” product line to the vending and bottling industry. Ed Cirella, Highfield’s National Sales Director says, “Van Lock’s 55 year tradition leading the way with vending security products is a great opportunity for Highfield and the industry”.

Please contact Jim or Chris Padjen to learn more about this exciting product line.
