

Fuel Dispenser Security

Credit card skimming and fuel theft are on the rise.

ROCK SOLID
SECURITY

High security locks from Van Lock help protect you and your customers

OEM locks offer little to no key control and low physical security. Easily retrofit your dispensers with Van Lock.

- **Unique flat face design prevents tampering**
- **Unique and registered codes**
- **No key blanks or key cutting machines exist**
- **Factory direct pricing**
- **Keyed alike, master keyed, or our unique Vanamatic 8-in-1 feature**
- **Made in the USA since 1959**

<u>Feature</u>	<u>Benefit</u>
Flat faced lock	Any lock with a natural key way provides an entry point for dirt & debris, as well a ready starting point for drill and dent pulling attacks
Unique Codes	All locks and keys sold by Van Lock come with factory issued and registered codes. Prevents distribution of unauthorized keys.
Unique Key	The design of our key means there are no key blanks or key cutting machines. Employees can no longer get duplicates made without authorization

An Affordable Solution!

Don't spend more money for less security

Our locks list from \$18-22 depending on type and features. Quantity discounts start as low as 25 locks!
