**\$14.99** *Quantity and Distributor Pricing Available*

The Van Lock Company has been making high security locks and keys since 1959. In 2020, in the face of the worldwide Covid-19 pandemic, we decided to put our manufacturing capabilities to work in creating a tool to help our customers in their daily lives and created the NO-Touch Key.

Originally intended to be a promotional giveaway to existing customers, demand was so high that we are now offering them for sale to the public.

*NO Touch Key is not intended to prevent or treat any disease or illness. Van Lock Company makes no warranties of any kind either express or implied. User assumes all risks.*
